PROFESSIONAL SUMMARY

Senior Full Stack Developer with 8+ years of experience designing, developing, and maintaining scalable enterprise applications across Banking & Financial Services, Telecom, Utilities, and Media domains. Expertise in Java, Spring Boot, Microservices, REST APIs, Angular, React, AWS, Docker, Kubernetes, SQL, and CI/CD. Proven track record of improving application performance by up to 60%, leading engineering initiatives, mentoring developers, and delivering secure, high-quality software in Agile environments.

TECHNICAL SKILLS

Languages

Java • JavaScript • TypeScript • SQL

Backend

Spring Boot • Spring MVC • Hibernate • REST APIs • Microservices • Kafka • ActiveMQ

Frontend

Angular • React • HTML5 • CSS3 • Bootstrap • jQuery

Databases

MySQL • PostgreSQL • Oracle • SQL Server • MongoDB • DynamoDB

Cloud & DevOps

AWS • Azure • Docker • Kubernetes • Jenkins • Azure DevOps • Git • SonarQube • Grafana

Testing

JUnit • Mockito • Integration Testing • Performance Testing

AI Tools

GitHub Copilot • ChatGPT • Code Whisperer • Claude Code

PROFESSIONAL EXPERIENCE

Publicis Sapient

Senior Associate L2

Sept 2025 – Present | Bengaluru

- Led analysis and modernization of **legacy COBOL**-based financial applications by migrating business workflows to **Java 17, Spring Boot**, and modern enterprise architecture.
- **Reverse-engineered COBOL programs** to extract core business rules and implemented validation logic using **Drools rule engine**, replacing mainframe-dependent processing.
- Improved system efficiency by optimizing database interactions and **reducing validation execution time** from **2s to 1.2s**, while eliminating legacy code dependencies.
- Delivered production-ready migration components through code refactoring, documentation, unit/integration testing, regression validation, and performance benchmarking.

Persistent Systems

Senior Engineering Lead

Jul 2023 – Apr 2025 | Bengaluru

- Delivered **15,000+ lines of production code**, leading development, code reviews, deployments, and engineering best practices.
- Improved application performance by **30%** through caching strategies and query optimization; reduced application load time by **41%**.
- Built JUnit/Mockito test suites achieving **88%+ code coverage** and performed SonarQube/Cycode security analysis.
- Led production deployments and received **Top Talent 2024 Award** for contributions to the FIX 4.2 Simulator.

Infosys

Technical Consultant

Sep 2022 – Jul 2023 | Bengaluru

- **Modernized and rationalized legacy applications** across **MoRa and Tank & Tracy** squads.
- **Migrated 10+ applications** from **Stash to GitLab**, improving source control and deployment workflows.
- Developed and maintained **Tracy** application features with **AWS cloud data synchronization** support.

Coforge Technologies

Senior Software Engineer

Dec 2021 – Sep 2022 | Bengaluru

- Developed and maintained **DC Core and DCMC** enterprise applications.
- Optimized payment gateway integrations, improving successful transaction rates by **25%**.
- Supported **AWS-to-GCP migration activities** and production defect resolution.

Yethi Consulting**Senior Software Engineer****Feb 2021 – Oct 2021 | Bengaluru**

- Developed REST APIs and backend services for **TENJIN** using **Spring Boot and Hibernate**.
- Built React.js frontend components and reduced application startup time by **60%** using **lazy loading**.
- Supported **AWS-to-GCP** migration initiatives and production deployments.

Prime Focus Technologies**Software Engineer****Nov 2019 – Feb 2021 | Bengaluru**

- Developed backend services using **Java, Hibernate, MySQL**, and **AWS SDK** for the **CLEAR** platform.
- Designed and tested **JBPM** workflows for media ingestion, transcoding, metadata extraction, and AWS uploads.
- Performed performance analysis and created technical documentation/SOPs.

Tata Consultancy Services**Associate Systems Engineer****Feb 2017 – Mar 2018 | Ahmedabad**

- Developed and maintained **IT360–Remedy** B2B application features.
- Built web portals for ticket management and complaint tracking.
- Integrated IT360 and Remedy systems for automated data synchronization.
- Collaborated with stakeholders for requirements, testing, and production support.

EDUCATION**Bachelor of Engineering (Electrical & Electronics Engineering)**

New Horizon College of Engineering, Bengaluru

2012 – 2016
